Design Charrette

SHARE YOUR VISION AND IDEAS
to reimagine the plaza in front of the Schwartz Center for Performing Arts

Cornell University and its design team are hosting a public information gathering and visioning charrette for the plaza in front of Schwartz Center for Performing Arts. This space, strategically sited at the junction point where the University meets the community, has the potential to enhance the active street life of Collegetown. Community members, students, designers, neighborhood business owners and any interested members of the public are all encouraged to attend and participate in the shaping of this important space in the public realm.

Do you have any ideas or examples for a vibrant plaza in Collegetown?
Do you have ideas of what you would like the plaza to include?

Please come and participate in creating a new public plaza in Collegetown

September 21, 2016, 5:30pm – 7:30pm, Charrette and Visioning
