EMPLOYEE OF THE QUARTER

Photo: KyuJung Whang, Ramona Bensley and Donald Snyder

July 2016
One of the requirements for being selected as an Employee of the Quarter is that you go above and beyond your normal job responsibilities. Mo Bensley, Facilities Management Custodian, went well beyond her job duties when she came to the aid of a staff member outside of IPP.

Recently, the building coordinator for Carpenter Hall had a fire at her home and lost everything. Mo, who has been a custodian in Carpenter Hall for many years and works closely with the building coordinator, acted quickly to help her in this time of need.

Mo received a call the morning after the fire with the news that the home had burned down. She went out of her way to not only spend all her off-hours trying to help with whatever was needed, she and her husband also drove up to the property with their large RV for the now homeless family to use for as long as they needed. Mo and her husband built a fenced-in dog run area for the family’s dogs that had also escaped the fire. The dogs are being credited for waking the family when the fire started. Mo also put together a collection to help the family with whatever they needed. This was an unselfish and special thing to do for a fellow colleague.

Congratulations Mo!
Nominated by Donald Snyder.
